Förderverein der Gemeinschaftsschule Weil am Rhein e.V.

**We support your children,
please support us!**

Förderverein der Gemeinschaftsschule Weil am Rhein e.V.

Our school is only a few years old, yet much has already been done and much more needs to be done.

Scholars, teachers as well as all our social workers and day care staff make our school a place where we do not only learn,
but where we can also live.

Even our parents have become greater stakeholders in this experience.

As a support organisation, we help and support the work being done at our school.

To do so, we are dependent on your donations as well as your active voluntary help.

Our Goals:

- Supporting the less privileged to partake in school activities and to provide them with the necessary materials.
- Strengthening the community within the school.
- Designing and decorating the community rooms in which the children, teenagers and adults can unfold their full potential.

What we offer:

- Decorating of school & community rooms as well as the outside areas
- Planning and execution of parties and events
- Programmes to prevent abuse, media abuse and addiction
- Financial support in specific situations
- Support with class & school activities
- Supporting the social workers and day care staff
- Organisation of workshops, seminars, and presentations

We look forward to your support!
